

CORE COMPETENCIES

END-TO-END INSTRUCTIONAL DESIGN

NEEDS ANALYSIS

RAPID ITERATIVE DEVELOPMENT

PERFORMANCE-BASED ASSESSMENTS

AI-POWERED TOOLS

ARTICULATE RISE 360

CROSS-FUNCTIONAL COLLABORATION

LEARNING EFFECTIVENESS METRICS

SCALABLE ELEARNING

ADDIE FRAMEWORK

PROFESSIONAL SUMMARY

Magna Cum Laude graduate of BS Mathematics (Applied Statistics) with hands-on experience owning the end-to-end instructional design process for US special education professionals. Skilled in applying rapid, iterative development practices, performance-based assessments, and AI-powered tools to build scalable, high-quality eLearning using Articulate Rise 360. Passionate about translating learner engagement data and cross-functional insights into evidence-based learning solutions that drive product adoption, self-sufficiency, and long-term learner success.

TECHNICAL & PROFESSIONAL SKILLS

INSTRUCTIONAL DESIGN	TOOLS & PLATFORMS	RESEARCH & ANALYTICS
End-to-End ID Process, Needs Analysis, ADDIE Framework, Rapid Iterative Development, Performance-Based Assessments, Learning Outcome Mapping, Storyboarding, Change Management	Articulate Rise 360, Articulate Storyline, Articulate 360, Thinkific, R, SPSS, Microsoft Office, Google Workspace, Notion, Canva, HTML/CSS/JS, Python	Learner Engagement Data Analysis, Learning Effectiveness Metrics, Statistical Modeling, Quantitative Research, GenAI Applications in Education, Cross-Functional Collaboration, Technical Writing

- WORK EXPERIENCE
- Instructional Designer — TAGLearning

2025 – Present

Freelance · Remote (US Special Education Sector)

 - Owned end-to-end ID process for 13 eLearning courses for educators and professionals, applying rapid iterative development and ADDIE from needs analysis through delivery.
 - Designed performance-based assessments aligned to learning objectives, ensuring measurable skill application and learner self-sufficiency.
 - Leveraged AI-powered tools alongside Articulate Rise 360, including the Code Block feature utilizing HTML, CSS, and JavaScript, to streamline design workflows, improving content scalability and development efficiency across all deliverables.
 - Translated dense legal and compliance content into structured, learner-centered modules, maintaining quality standards and design consistency across all 13 courses.
 - Collaborated with cross-functional subject-matter experts to align course content with US compliance standards, current best practices, and evolving product needs.
- Intern — Statistical Methodology Unit

2025

Office of the National Statistician, Philippine Statistics Authority

 - Analyzed cross-country copyright frameworks by benchmarking multiple markets, delivering evidence-based recommendations for national creative economy policy.
 - Produced gig economy data reports by conducting targeted benchmarking research, informing strategic methodology decisions at the national statistical level.
- Research Assistant — Mathematics Department

2024 – 2025

College of Science, Bulacan State University

 - Assisted in academic research through systematic literature reviews and research paper development, contributing to BulSU's published departmental output.

- RESEARCH & INVOLVEMENT
- Paper Presenter — 16th National Convention on Statistics

GENAI ANALYTICS

STATISTICAL MODELING

LGMM · TOBIT · ZIB

Philippine Statistics Authority · 2025

Analyzed **6,343 BulSU research papers (2013–2023)** using Zero-Inflated Beta, Tobit, and Latent Growth Mixture Models to map GenAI usage trajectories; awarded **Best Thesis 2025**. Presented at the Computational Statistics Session, representing BulSU nationally.
- President — CS Band

LEADERSHIP

PROJECT MANAGEMENT

College of Science, Bulacan State University · 2023 – 2025

Managed scheduling, cross-team coordination, and performance delivery for college-wide events; developed project management and stakeholder communication skills directly applicable to fast-paced ID environments.
- Class Mayor

REPRESENTATION

COORDINATION

College of Science, Bulacan State University · 2023 – 2025

Facilitated communication between students and faculty; coordinated academic activities across multiple concurrent deadlines, building organizational skills critical in multi-project ID roles.

- EDUCATION
- University of the Philippines Diliman

2026 – Present

MS Statistics

Ongoing
- Bulacan State University

2025

BS Mathematics, Specialization in Applied Statistics

★ Magna Cum Laude
