PROFESSIONAL SUMMARY

Magna Cum Laude graduate of BS Mathematics (Applied Statistics) and current MS Statistics candidate at the University of the Philippines Diliman. Brings hands-on experience owning the end-to-end instructional design process for US special education professionals, applying rapid iterative development, performance-based assessments, and AI-powered tools to build scalable, high-quality eLearning using Articulate Rise 360. Passionate about translating learner engagement data and cross-functional insights into evidence-based learning solutions that drive product adoption, self-sufficiency, and long-term learner success. Recognized nationally as a Best Thesis awardee and NCS paper presenter in applied statistical research.

TECHNICAL & PROFESSIONAL SKILLS

INSTRUCTIONAL DESIGN	TOOLS & PLATFORMS	RESEARCH & ANALYTICS
End-to-End ID Process · Needs Analysis · ADDIE Framework · Rapid Iterative Development · Performance-Based Assessments · Learning Outcome Mapping · Storyboarding · Change Management · Accessible Content Design	Articulate Rise 360 · Articulate Storyline · Articulate 360 · Thinkific · R · SPSS · Microsoft Office · Google Workspace · Notion · Canva · HTML / CSS / JS · Python	Learner Engagement Analysis · Learning Effectiveness Metrics · Statistical Modeling · Quantitative Research · GenAI Applications in Education · xAPI / Learning Analytics · Technical Writing · Cross-Functional Collaboration

WORK EXPERIENCE

Instructional Designer — TAGLearning

2025 - Present

Freelance · Remote (US Special Education Sector)

- Owned end-to-end ID process** for 13 eLearning courses for educators and professionals, applying rapid iterative development and ADDIE from needs analysis through delivery.
- Designed performance-based assessments** aligned to learning objectives, ensuring measurable skill application and sustained learner self-sufficiency post-training.
- Leveraged AI-powered tools** alongside Articulate Rise 360 — including the Code Block feature with HTML, CSS, and JavaScript — to streamline design workflows and improve content scalability across all deliverables.
- Translated dense legal and compliance content** into structured, learner-centered modules, maintaining quality standards and design consistency across all 13 courses.
- Collaborated with cross-functional subject-matter experts** to align course content with US compliance standards, current best practices, and evolving product needs.

Intern — Statistical Methodology Unit

2025

Office of the National Statistician, Philippine Statistics Authority

- Analyzed cross-country copyright frameworks** by benchmarking multiple markets, delivering evidence-based recommendations for national creative economy policy.
- Produced gig economy data reports** by conducting targeted benchmarking research, informing strategic methodology decisions at the national statistical level.

Research Assistant — Mathematics Department

2024 - 2025

College of Science, Bulacan State University

- Assisted in academic research** through systematic literature reviews and research paper development, contributing to BulSU's published departmental output.

RESEARCH & INVOLVEMENT

Paper Presenter — 16th National Convention on Statistics

GENAI ANALYTICS STATISTICAL MODELING LGMM · TOBIT · ZIB

Philippine Statistics Authority · 2025

Analyzed **6,343 BulSU research papers (2013-2023)** using Zero-Inflated Beta, Tobit, and Latent Growth Mixture Models to map GenAI usage trajectories across disciplines. Study projected full GenAI adoption in academic research by 2026 based on trend extrapolation. Awarded **Best Thesis 2025** by the College of Science; represented BulSU at the Computational Statistics Session of the national conference.

President — CS Band

LEADERSHIP PROJECT MANAGEMENT

College of Science, Bulacan State University · 2023 – 2025

Led a college-wide performing organization, managing scheduling, cross-team coordination, and event delivery under competing deadlines. Built stakeholder communication and project management skills transferable to fast-paced instructional design environments.

Class Mayor

REPRESENTATION COORDINATION

College of Science, Bulacan State University · 2023 – 2025

Served as primary liaison between students and faculty, coordinating academic activities across multiple simultaneous deadlines. Strengthened organizational and communication skills critical in multi-project ID roles.

PROFESSIONAL CERTIFICATES

- **Advancing Your Skills as an L&D Professional** 5 hr 20 min

LinkedIn Learning
- **Build Your Skills as an Instructional Designer** 7 hr 43 min

LinkedIn Learning
- **Build Your Analytical Skills with Statistical Analysis** 5 hr 10 min

LinkedIn Learning
- **Complete Guide to R: Wrangling, Visualizing, and Modeling Data** 8 hr 15 min

LinkedIn Learning
- **Statistics Foundations Professional Certificate** 13 hr
